

## It takes a village to *Teach* a child to ***THINK.***

This is an enlistment document. The Truth Project, Inc. needs HOOK (Hands Off Our Kids) Volunteers to encourage public high school and college students to do what they have been taught for 16 years: THINK for themselves. The Truth Project, Inc., needs both students and "influencers" from the community. Who are influencers?

- Parents and other relatives
- Teachers
- Clergy
- Doctors
- Neighbors
- Friends of Students

The Truth Project, Inc., also needs those with office skills and other talents to send out letters, make phone calls, keep records, schedule volunteers in the schools, speak to community organizations, meet with community leaders, develop materials (handouts, posters, art work) and train others.

As a Hook Volunteer you will receive all the training you need to go into the public schools and be effective at truth in recruiting. You will become familiar with the military recruiter's sales techniques, tactics, marketing strategies, and enlistment documents. You will learn your rights and responsibilities, tools and materials at your disposal, and rules of engagement.

If you can volunteer your time (as little as 2 hours per month) and your influence to encourage students to think for themselves and avoid getting hooked by the lures of military recruiters, please complete the form on the back and return it to:

**The Truth Project, Inc.**

PO Box 7394, Delray Beach, FL 33482
